

Double Saw Tooth Star Block Variation

Cutting Instructions:

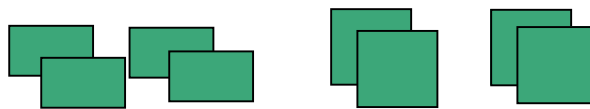

For the center:

From the B color, cut eight 2-inch squares and one 3 1/2 x 3 1/2 inch square.

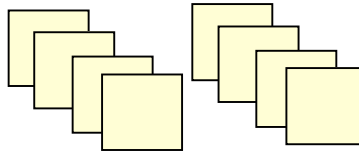

From the A color, cut four 2 x 3 1/2 inch strips and four 2 inch squares.

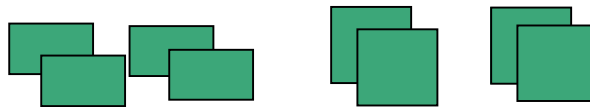

For the star:

From the B color, cut eight 3 1/2-inch squares

From the A color, cut four 3 1/2 x 6 1/2 inch strips and four 3 1/2-inch squares.

Construction:

The center -

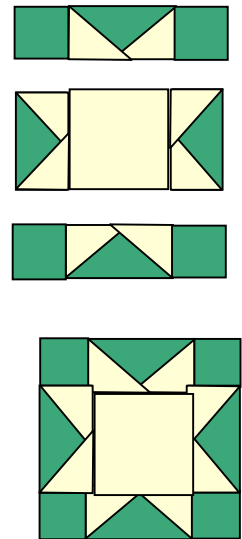

Make 4 geese units : Mark diagonal lines on all eight 3 1/2 inch B color squares. Place one B color square on each 2 x 3 1/2 inch B color strip and sew on the diagonal line drawn. When all four are sewn, trim 1/4 inch from the outside of the seam and press open.

Now place another colored square on the opposite corner and stitch on the seam.

Assemble the units into rows as shown and then into the center unit.

Construction of the block

Make 4 geese units : Mark diagonal lines on all eight $3 \frac{1}{2}$ inch B color squares. Place one B color square on each $3 \frac{1}{2} \times 6 \frac{1}{2}$ inch B color strip and sew on the diagonal line drawn. When all four are sewn, trim $\frac{1}{4}$ inch from the outside of the seam and press open.

Now place another colored square on the opposite corner and stitch on the seam.

Assemble the units into rows as shown and then into the block unit.
