Block 3 – Stars & Diamonds

 Template is available at :
http://www.quilterscache.com/S/StarsandDiamondsBlock.html

Print 4 copies of each template at 100%.   In addition to the background fabric listed above you will need:

# pieces to cut	Colors	piece # on pattern	width	length
4	color 1 dark	3	6 1/2	2 3/4
4	color 1 light	3	6 1/2	2 3/4
4	color 2 dark	4	6 1/2	4
4	color 2 light	4	6 1/2	4

To make placement easier, I take a colored marker and draw a line ¼ inch from the seam line as shown below. The first drawn line would be in section 2. That way I know where to place the first piece and line up the second piece (light) for a ¼ inch seam. Pin or use spray adhesive or a dab of fabric glue so the piece doesn't slip while you are moving or sewing.

 Template A

 Note that pieces 1 and 2 on the actual template are cut as one piece for a solid background.
