

Stars on the Water

April 2010

Part III - Stars 5 & 6

The stars for this pattern are paper pieced. Fabric measurements are given for pieces in each star.

If you have not paper pieced the following sites give instructions for paper piecing.

Print 2 copies of each template at 100%. In addition to the background fabric listed above you will need:

	<u>block #</u>	<u># pieces to cut</u>	<u>Colors</u>	<u>piece # on pattern</u>	<u>width</u>	<u>length</u>

Little Star	Block 5	2	color 1	4	3	1

Little Star	Block 5	2	color 2	8	1	2
Little Star	Block 5	2	color 2	11	1	2

Block 6 – 4 Ray Star

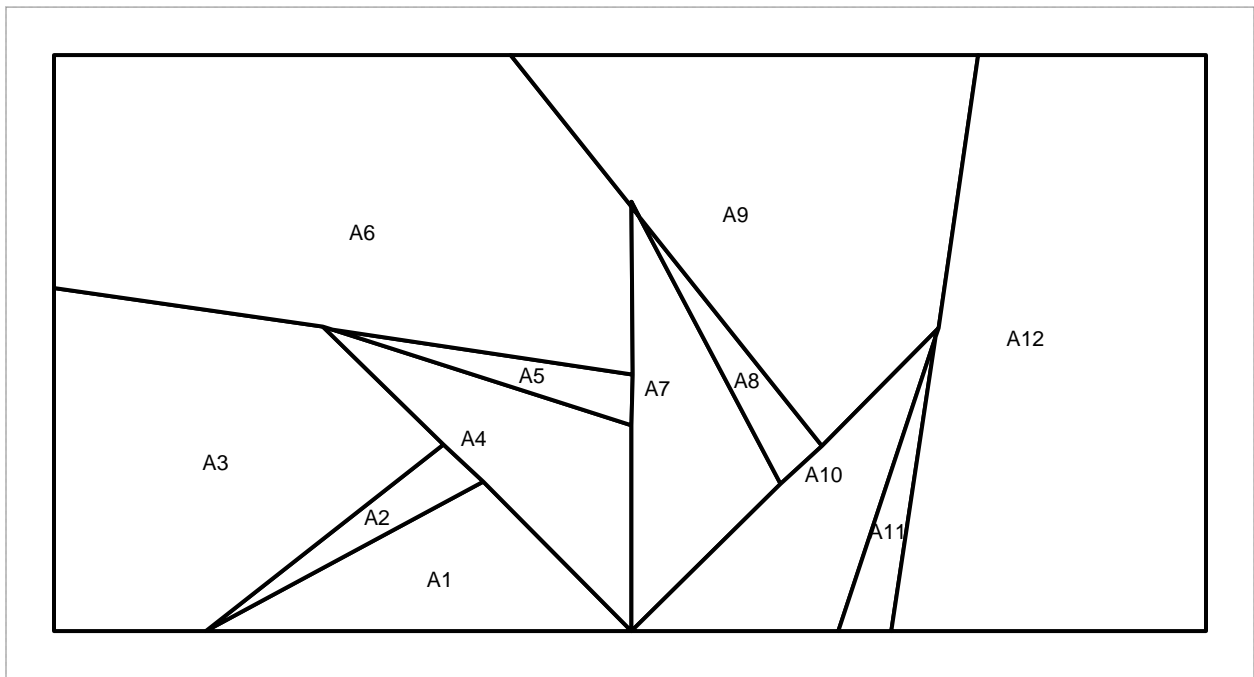

Print 2 copies of the template at 100%. In addition to the background fabric listed above you will need:

	<u>block #</u>	<u># pieces to cut</u>	<u>Colors</u>	<u>piece # on pattern</u>	<u>width</u>	<u>length</u>
4 ray star	Block 6	2	color	1	2 1/4	4 1/4
4 ray star	Block 6	2	color	3	2 1/4	4 1/4

To make placement easier, I take a colored marker and draw a line $\frac{1}{4}$ inch from the seam line. The first drawn line would be in section 2. That way I know where to place the first piece and line up the second piece (light) for a $\frac{1}{4}$ inch seam. Pin or use spray adhesive or a dab of fabric glue so the piece doesn't slip while you are moving or sewing.
